New Captain-General Confers with  
the Queen Regent—Cablegram  
from Weyler—Orders from  
Madrid.

[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, Oct. 11.—The Herald  
tomorrow will say: "Señorita Evange-  
lina Cosso y Cisneros, the Cuban girl  
who escaped from Casa de Recogidos in  
Havana Wednesday night last, arrived  
in this city yesterday morning. Ameri-  
can friends accompanied her by train  
from New Orleans. On reaching Jer-  
sey City, Miss Cisneros was taken in a  
closed carriage to the headquarters of  
the Cuban sympathizers in this city,  
where she was joyfully received. After  
a short reception she was taken away,  
and no one was allowed to see her until  
this evening."

A special edition of the local Cuban  
newspaper was published this after-  
noon asking all loyal Cubans to as-  
semble at the office of the Junta at 8  
o'clock to join in a torchlight parade in  
honor of the young woman's delivery.  
All the employees of the New York  
Journal emphatically denied tonight  
that the young woman was in the city,  
and a tour of all the rooms in the  
Journal office proved the falsity of the  
rumor that she was secreted there. It  
was stated at the Journal office at mid-  
night that all rumors concerning the  
presence of Miss Cisneros in the city  
are unauthorized and untrue.

BLANCO AND THE QUEEN.  
[ASSOCIATED PRESS NIGHT REPORT.]  
MADRID, Oct. 11.—The new captain-  
general of Cuba had a long conference  
with the Queen Regent today. The  
Spanish party of Cuba, the Commercial  
Association of Havana and the In-  
dependent party of Porto Rico have  
cabled the government assuring it  
their support.

A cable message has been received  
from Gen. Weyler, saying that he em-  
barks for Spain October 20, the  
steamer sailing on that date. The  
Cabinet ministers at the meeting held  
today discussed the question of financ-  
ing the Cuban and Philippine islands'  
military operations.

RIGHT OF ASYLUM.  
[ASSOCIATED PRESS NIGHT REPORT.]  
WASHINGTON, Oct. 11.—The State  
Department officials make light of the  
prospect of any international trouble  
following the escape of Miss Cisneros.  
They say that, presuming the girl and  
her rescuers have reached the United  
States, they will be surrendered, even if  
it claimed by the Spanish authorities.  
The case is covered by two prin-  
ciples of law that are never de-  
viated from, according to the State De-  
partment people. As far as concerns  
Miss Cisneros, she being a political re-  
fugee, cannot be surrendered to Spain,  
surrendered, and there is no clause in  
the Spanish extradition treaty that  
would serve as a basis for a claim for  
her surrender.

ORDERS FROM MADRID.  
[ASSOCIATED PRESS DAY REPORT.]  
NEW YORK, Oct. 11.—A dispatch  
from Madrid says the Minister of War  
has cabled to Gen. Weyler to embark  
for Madrid, handing over the command  
to the Marquis de Alhambra or Gen.  
Linarez. All high civil officials and  
the principal lieutenants of Weyler  
will be replaced promptly. The govern-  
ment telegraphed an order to cease in-  
stantly all rigorous methods of war-  
fare practiced hitherto.

The government has received unfa-  
vorable intelligence of the revival of  
the insurrection in the Philippine Is-  
lands. The situation there is serious.  
Six filibustering expeditions have  
been landed from the coast. Con-  
siderable reinforcements will have  
to be sent to Manila, before the fine  
season opens, when the rebels are  
likely to resume offensive operations  
because the present Governor, Marshal  
Luis, has been replaced by a half Euro-  
pean force, believing the rebellion to  
be subdued.

Marshal Campos declined to go to the  
Philippines, believing his presence in  
Spain more necessary. At Cold Spring,  
the colony of the colonial war should make  
military dictation necessary.

HUDSON RIVER EXPEDITION.  
[ASSOCIATED PRESS DAY REPORT.]  
NEW YORK, Oct. 11.—Highland  
Park, N. Y., dispatch to the Herald  
says: The appearance of the schooner  
yacht Studio at this and other towns  
along the Hudson River, a few days  
ago, seems to have been the signal for  
unusual activity among Cuban sym-  
patizers. Companies have been organ-  
ized secretly and are being drilled  
privately in the mountains, about four  
miles back of this place.

The yacht came from Florida, and  
had on board Capt. S. D. Miller, the  
yacht and his wife. At Cold Spring,  
just across the river from West Point,  
the Studio tied up for a day. Many  
men who are known to be in sympathy  
with the Cuban cause visited the ves-  
sel, and local papers gave full ac-  
counts of the alleged filibuster, and told  
of the organization and drilling of the  
companies which are soon expected to  
start for Cuba.

The arms and equipments for the men,  
it is said, have been furnished by  
the Cuban cause, formerly of the ves-  
sel, at one time stationed at West Point,  
are said to be in charge of the  
volunteers.

GEN. BLANCO'S HOPES.  
[ASSOCIATED PRESS DAY REPORT.]  
MADRID, Oct. 11.—Gen. Ramon  
Blanco, captain-general of Cuba, an-  
nounces that he will act with great en-  
ergy against the insurgents and em-  
ploy all political means to restore  
equality of treatment in the various  
sections of the community. He hopes

to end the horrors of war and establish  
the peace system adopted in 1873.  
KEEPING AWAY FROM CUBA.  
[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, Oct. 11.—A dispatch to  
the Herald from Washington says the  
administration has practically deter-  
mined to keep the North Atlantic  
squadron away from the Gulf during  
the coming winter. While no orders  
have been issued it is generally un-  
derstood that Secretary Long will follow  
the course pursued by his predecessor,  
and keep the ships away from Cuba.  
This means that during the cold season  
the headquarters of the squadron will  
be at Fort Monroe, and their evolutions  
will be held on the southern drill  
grounds just outside of the capes.

EVIDENCE OF LIBERALITY.  
[ASSOCIATED PRESS NIGHT REPORT.]  
HAVANA, Oct. 11.—As evidence of  
more liberal treatment of affairs on  
the part of the Spanish authorities, La  
Lucena has been permitted to reproduce  
interviews printed in the New York  
Herald with a number of Cubans of  
New York City, in which the latter say  
they are fighting for the independence  
of Cuba, and not to obtain home rule  
for the island.

REVOLUTIONIST MANIFESTO.  
[ASSOCIATED PRESS NIGHT REPORT.]  
LONDON, Oct. 11.—The Spanish re-  
fugees of this city announce the im-  
mediate publication here for circulation in  
Spain of a periodical entitled "Germi-  
nal." In a circular soliciting funds  
they say: "Hail to the social revolu-  
tion! A group of liberal-minded Span-  
iards is about to answer Angellio's cry of  
'Germinal'—a valiant watchword from  
the scaffold. The cowardly inquisi-  
tory government of Spain and the  
capitalist class of Spain have thrown  
down the gauntlet. We shall take it  
up as the brave men will, demonstrating  
that the ideal never dies."

ROME HOWLED.

ANGRY MOB CAME INTO CONFLICT  
WITH THE POLICE.

Protest of Tradesmen Against an  
Increase of Taxation—Process-  
ion of Twenty Thousand Peo-  
ple—Escort a Deputation—Stones  
and Bullets.

[ASSOCIATED PRESS DAY REPORT.]  
ROME, Oct. 11.—[By Atlantic Cable.]  
A large procession of tradesmen head-  
ed by the Pro-syndic and president of the  
Chamber of Commerce, marched to the  
office of the Minister of the Interior  
this morning to protest and confer with  
the government regarding increased  
taxation. The tradesmen promised  
that all possible should be done to pro-  
mote friendly relations and greater  
equity between taxpayers and collec-  
tors.

Meanwhile an angry crowd collected  
in front of the ministry and tore up  
paving stones, but the police dispersed  
it after a conflict, in which one rioter  
was killed and six men injured.

TWENTY-NINE ARRESTS.  
[ASSOCIATED PRESS NIGHT REPORT.]  
ROME, October 11.—Midnight—The  
streets have been quiet this evening.

A special detail of police is patrolling  
the district that was the scene of the  
disturbance. In all there have been  
twenty-nine arrests. The man who  
was killed has not been identified, but  
appears to have been a workman.

The Prefect of Police has ordered the  
dissolution of the Roman Socialist  
Union. Tomorrow the president of the  
Chamber of Commerce, who headed the  
procession, will be received by the Mar-  
quis de Salaparuta, who will discuss the  
application of the income tax.

Placards were posted on the walls  
throughout the city this morning, in-  
viting tradesmen to close their shops  
in the afternoon from 2 to 4  
o'clock, in order to lend imposing char-  
acter to the demonstration. The sug-  
gestion was almost universally adopted,  
and the result was a spectacle unpre-  
cedented since the death of Victor  
Emanuel, except that each closed door  
bore instead of the legend "Closed for  
national mourning," the inscription  
"Closed for fiscal reasons."

The grievance is that this year the  
taxpayers' incomes by the gov-  
ernment agents for income tax have  
been doubled throughout the country.  
At a meeting held yesterday it was  
decided to make today's demonstration.  
It is said that many anarchists and  
professional rioters mingled with the  
crowd and started cries of "Down with  
the taxes!" and "Down with the Min-  
istry!" and "Down with the soldiers  
with the cry, "We are all brothers; down  
with taxes!"

NEARLY FORTY INJURED.  
[ASSOCIATED PRESS NIGHT REPORT.]  
ROME, Oct. 11.—It is estimated that  
there were at least 20,000 people in the  
procession that escorted the deputa-  
tion to the Ministry of the Interior. The  
authorities, it was evident, had failed  
to make adequate provision for main-  
taining order in such a vast crowd.

The people were irritated at being  
excluded from the building by the car-  
biniers, and presently a second detach-  
ment issued with bayonets and  
tried to clear the piazza. The crowd  
then resisted, the stone-throwing be-  
gan and the conflict speedily became  
general, until an infantry detachment  
appeared on the scene and by repeated  
charges drove the crowd into the ad-  
joining streets, the mob still showering  
stones.

Some of the soldiers became infuri-  
ated and fired in the direction of the  
crowd, and the streets were only  
cleared after a severe struggle, a se-  
cond resort to firearms becoming nec-  
essary to disperse a particularly dan-  
gerous group. It is believed that  
nearly forty were more or less severely  
injured. Hints are thrown out in some  
quarters that the disorders were fo-  
mented by agents provocateurs as, un-  
til the sudden outbreak, the crowd had  
been quite peaceful.

SHE WILL TELL.  
[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, Oct. 11.—The World  
will say tomorrow that through her  
cousin, Lawyer Emanuel M. Friend,  
Mrs. Augusta Nack has been sworn to  
disclose the secret of the murder of  
William Golden-Suppe.

Mrs. Nack asks in return that the  
authorities allow her to plead to man-  
slaughter in the first degree.

PASSENGERS TUMBLED.  
[ASSOCIATED PRESS DAY REPORT.]  
DES MOINES, Oct. 11.—A car on the  
Cedar Falls Electric Railroad jumped  
the track two miles from Waterloo  
this morning, rolling down the em-  
bankment. Fourteen passengers were  
badly shaken up, and four seriously  
injured. W. H. Newton, a traveling  
man, was fatally hurt.

LAST PHASES.

Testimony Finished in  
Luetgert's Trial.

Final Arguments Begun by  
the Opposing Counsel.

Prosecution Supplies a Motive  
for the Murder.

Special Attention to be Paid to  
Mary Stiemmering and Partner  
Charles—Home Expert Allport  
Also in for a Scoring.

[ASSOCIATED PRESS NIGHT REPORT.]  
CHICAGO, Oct. 11.—The final argu-  
ments have been concluded in the  
Luetgert trial, and the case will be  
given to the jury by the end of the  
week. This, at least, is the expectation  
of the attorneys. The defense ex-  
pected today to take most of the ses-  
sion offering sur-rebuttal evidence,  
but some of the witnesses were not  
present when their names were called,  
and it was decided that the case might  
as well go on.

State's Attorney McEwan  
began the opening address for the  
State, and he will speak for two days  
at least. He will be followed by At-  
torney Phalen for the defense, and At-  
torney Vincent will close in behalf of  
Luetgert. Then will come the closing  
of the State, which will be made by  
State's Attorney Deane.

State's Attorney McEwan addressed  
the jury for three hours this afternoon  
and barely outlined his argument at  
the hour of adjournment for the day.  
He will resume the argument tomorrow  
morning, and will talk all day. The  
speaker referred to the fact that nearly  
six months had elapsed since Mrs.  
Luetgert had disappeared from her  
home.

She still remains absent and will  
remain missing as long as the world  
endures," shouted the Assistant State's  
Attorney, starting at Luetgert.

Then the case was taken up chrono-  
logically, and all the incidents traced  
briefly down to the date of the open-  
ing of the trial. This started with the  
inquiry of Diederich Bickner for his  
sister and Luetgert's indifferent reply  
that she had left in a temper and  
would return when she got over her  
"mad."

The alleged relations of Luetgert and  
Mary Stiemmering were touched upon,  
and were declared to have furnished  
the motive for the crime. The law  
was read to impress the jury with the  
scope and significance of circumstan-  
tial evidence.

Tomorrow special attention will be  
paid to Mary Stiemmering and William  
Charles, and Dr. Walter Allport, the  
bone expert, will also be considered at  
some length.

A HOAXING LETTER.

[ASSOCIATED PRESS DAY REPORT.]  
CHICAGO, Oct. 11.—A letter ad-  
dressed to Chief of Police Kipley and  
purporting to be from Mrs. Louise  
Luetgert was received at the police  
headquarters today. The letter was

dated October 9, and was sent from  
New York City. Little, if any, atten-  
tion will be paid to it by the police. The  
signature is spelled "Luetgert," and  
this alone, they say, is enough to brand  
the letter as a fraud.

The letter is quite long and written  
in English, which it is said, the mis-  
sing woman was unable to speak. It  
states that the writer is now living  
with a family at No. 304 Palisade av-  
enue, Jersey City, and that she was  
doing chamber work at the Metropole  
Hotel. The writer implored Chief Kip-  
ley to save Luetgert, as she said he  
was innocent of the charge against  
him. The letter stated that Mrs. Luet-  
gert would never return to her hus-  
band, because she was afraid he would  
kill her, and that she was going to Ger-  
many as soon as she could earn money  
enough to take her there. Her where-  
abouts since disappearing last May  
were also given. According to the let-  
ter, Mrs. Luetgert first went to Wis-  
consin, then to Flint, Mich., then to  
Detroit, and from there to New York  
City.

VACANT LOT.  
[ASSOCIATED PRESS DAY REPORT.]  
NEW YORK, Oct. 11.—No. 304 Pal-  
isade avenue, Jersey City, whence the  
letter is dated purporting to be from  
Mrs. Luetgert, is a vacant lot.

THE SUPREME COURT.

MEETING OF THE JUSTICES FOR  
THE OCTOBER TERM.

No Business Transacted Beyond the  
Admission of Attorneys to the  
Bar—Motions to be Heard To-  
day—Call on the President.

[ASSOCIATED PRESS NIGHT REPORT.]  
WASHINGTON, Oct. 11.—The Octo-  
ber term of the Supreme Court of the  
United States began at noon today  
with Chief Justice Fuller and the as-  
sociate justices in their seats. No  
business was transacted beyond the  
admission of the attorneys to the bar.  
The court adjourned until tomorrow  
in order to enable its members, in ac-  
cordance with long-established usage,  
to pay their respects in a body to the  
President.

Before adjourning the Chief Justice  
announced that motions would be heard  
tomorrow, and after these were made  
the call of the regular docket would  
begin. There were sixteen admissions  
to the bar at today's sitting.

After adjournment the justices were  
driven to the White House, where  
they made their first formal call upon  
President McKinley. The reception  
took place in the Blue Room, and be-  
cause all the members of the court  
were present, Attorney-General Mc-  
Kenna, Solicitor-General Richards and  
C. Barnes, Judge of Probate in Eng-  
land.

LILLUOKALANI ILL.

The Ex-Queen Reported to Have  
Pneumonia in Washington.

[ASSOCIATED PRESS DAY REPORT.]  
ST. LOUIS (Mo.), Oct. 11.—A special  
to the Globe-Democrat from Wash-  
ton says:

"Ex-Queen Lillookalani of Hawaii is  
reported as very ill at her apartments  
in the Ebbitt House in this city. The  
former monarch returned from a trip  
to San Francisco about ten days ago  
in bad health. She had contracted a  
heavy cold on the journey eastward,  
and a physician was at once sum-  
moned.

OLD, YET NEW.

More Fever and More  
Concealment.

New Orleans People Queer Their  
Health Board.

Fifty Per Cent. of Deaths Due  
to Neglect.

Thirty-seven Cases and Four  
Deaths the Record Yesterday.  
Patients Taken from a Jewish  
Home—Pool of Infection.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW ORLEANS (La.) Oct. 11.—  
From the returns that are little hope  
in the yellow-fever situation. The  
Board of Health is daily demonstrating  
that with a fair show it is possible  
for modern science to restrict and  
stamp out the disease. But the peo-  
ple who must suffer from a strict ap-  
plication of scientific methods rebel,  
the result being that the pathway of  
the board is beset with difficulties.

If there was strict compliance with  
the health laws, if prompt report were  
made of cases, the fever germs would  
be quickly wiped out. But it begins  
to look now as if from thirty to fifty  
cases and from four to six deaths  
would be daily reported until frost puts  
in an appearance.

Today as on nearly every day since  
the fever first appeared here, about  
50 per cent. of the fatalities were traced  
to neglect and a disposition to hide  
cases until it was too late to do any-  
thing to save life. The case of Robert  
Hite was reported today. He had been  
ill some time. People in the vicinity  
where he lived knew that he was ill,  
but no report was made to the authori-  
ties, and the announcement of the Hite  
case was almost contemporaneous with  
the death.

The official bulletin issued by the  
Board of Health tonight shows thirty-  
seven new cases and the following  
deaths:

HENRY BORMAN.  
J. A. LEDWITH.  
ROBERT HITE.

The most important feature of the  
news as to the new cases was that four  
people were found to have been  
stricken at the Jewish Home, a well-  
known local charitable institution. The  
officials of Tourin infirmary agreed to  
receive the cases, and they were at once  
taken to that hospital, which is largely  
supported by the Hebrew population,  
although non-sectarian.

Two cases were also reported to have  
developed at the Hotel Dieu, another  
private hospital. Both of these hospi-  
tals have heretofore had cases, and  
those physicians in charge have been  
successful in treating them, and in  
containing the disease. Another case ap-  
peared in Algiers, on the opposite side  
of the river. A majority of the new  
cases today presented new focal of infec-  
tion.

At Biloxi today there were twelve  
new cases, at Edwards, five new cases  
and two deaths; at Clinton, no new  
cases; at Natchez, no new cases; at  
one death at Mobile; five new cases  
in the city, no deaths; one new case  
in the country, seven miles west of  
the city, and at Scranton, nine new  
cases.

SUSPICIOUS SYMPTOMS.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN ANTONIO (Tex.) Oct. 11.—A  
case of suspicious fever was reported to  
the Board of Health this morning, and  
this afternoon the patient died. A  
post-mortem examination was held  
by order of the Board of Health and  
some symptoms of yellow fever found  
to exist. The board was divided in  
their opinion as to whether or not it  
was a case of yellow fever, but de-  
cided to be on the safe side, and pro-  
ceeded as though it were a case of yel-  
low fever. The premises where the man  
died have been fumigated, and the  
occupants of the house have been  
placed under guard.

HOUSTON DECLARED INFECTED.

[ASSOCIATED PRESS NIGHT REPORT.]

GALVESTON (Tex.) Oct. 11.—Dr.  
Gutierrez declares that there are four  
cases of yellow fever in Houston. Dr.  
Sawyer, State Health Officer, has  
issued a proclamation quarantining  
Galveston and Houston, saying there  
are a few mild cases in each. Dr.  
Gutierrez says for New Orleans to be  
on board the revenue cutter Galveston.

CASES AT GALVESTON.

Ship Chandler, Book-keeper and  
Plasterer Hi-Mail Trains Only.

[ASSOCIATED PRESS NIGHT REPORT.]

GALVESTON (Tex.) Oct. 11.—Dr. C.  
W. Truheart, member of the Advisory  
Board of Health, this morning reported  
to the health office that he had found  
a case of well-defined, but very mild,  
yellow fever. The case is that of Lorenzo  
Solar, ship chandler. Dr. Truheart  
says that State Health Officer Saw-  
yer has a case with him and con-  
firmed the diagnosis. Other members  
of the board have not yet reported on it.

Dr. Edward this morning reported  
two cases in his practice which he pro-  
nounces yellow fever, those of George  
N. Morgan, a book-keeper, and Henry  
Stawinsky, a plasterer. Dr. Tru-  
heart examined the cases and has pro-  
nounced them suspicious. Morgan was  
very ill this morning, but the doctor  
pronounces him better this evening.  
Stawinsky is convalescent. The origi-  
nal cases are getting along nicely, and  
there has been no fatality. The in-  
fected houses are under quarantine  
guard, and the city is being thoroughly  
disinfected.

No passenger trains are being run in  
or out of Galveston. Prohibitions have  
been issued for contributing. The Gal-  
veston, Houston and Henderson, the  
Missouri, Kansas and Texas and the  
International and Great Northern rail-  
roads have made arrangements to have  
their cars sent north after being fumig-  
ated. Their lines are still bringing  
freight to Galveston, and ships will be

provided with, cargoes. Cotton receipts today were about normal.

Dr. Gutierrez went to Houston today, but returned to Galveston tonight.

TELEGRAM TO HEADQUARTERS.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Oct. 11.—Dr. Gutierrez telegraphed to Surgeon-General Wyman announcing the presence of yellow fever at Galveston today is as follows:

"GALVESTON (Tex.), Oct. 11.—Five cases of yellow fever now here. Will report to local health authorities. I do not apprehend serious trouble here, but dengue causes much confusion."

[Signed,] "GUTIERRES."

This message was sent late Saturday night, and since its receipt nothing more has been received from him as to the spread of the disease in Galveston; the only message received since stating that he was in consultation with the Texas State and Galveston city health authorities. Dr. Gutierrez arrived in Galveston on the morning of the 11th, and is investigating conditions there.

SAN ANTONIO'S DOORS OPEN.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN ANTONIO (Tex.), Oct. 11.—The City Council today passed a resolution throwing open the doors of San Antonio to yellow fever refugees from Galveston and other cities, and invited citizens of these cities to come here during the prevalence of yellow fever at their homes.

This resolution is based on the fact that during the past fifty years no yellow fever has developed here, notwithstanding the fact that refugees have come here from infected ports and died from the disease.

NO FEVER AT HOUSTON.

[ASSOCIATED PRESS NIGHT REPORT.]

HOUSTON (Tex.), Oct. 11.—Yellow fever expert Dr. Gutierrez arrived today and visited the hospitals and one or two private residences, but reported no yellow fever.

The smaller towns of the State are excited beyond measure, and in many counties the trains are not allowed to stop.

ATPEACOCK COUNTY.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW ORLEANS, Oct. 11.—At 1 o'clock this afternoon the Board of Health announced eighteen new cases and two deaths from yellow fever. There are now thirty-one patients in Isolation Hospital. The heavy night which prevailed during the night flushed the gutters, cleared the streets and tempered the atmosphere.

AT MOBILE.

[ASSOCIATED PRESS NIGHT REPORT.]

MOBILE, Oct. 11.—Five new cases and no deaths from yellow fever were reported today.

STEAMSHIP TRADE CRIPPLED.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Oct. 11.—The Herald will say tomorrow: "The steamship trade with New Orleans and Galveston is almost paralyzed by the prevalence of yellow fever at those ports."

Severely has the embargo crippled the southern trade, that the Morgan and Mallory lines have reduced their freight rates to a minimum, and the weekly vessel of the Lone Star line has been withdrawn.

REDMOND IS CHEERED.

[ASSOCIATED PRESS NIGHT REPORT.]

NO REVOLT OF THE IRISH AGAINST HIS LEADERSHIP.

He Makes What His Followers Take to be an Abolition Speech at the Dublin Convention—National Self-Government is Demanded.

[ASSOCIATED PRESS NIGHT REPORT.]

DUBLIN, Oct. 11.—[By Atlantic Cable.] At the opening of the Irish convention it was announced that every possible effort had been made to organize a thoroughly representative convention. Invitations were issued to all corporations, town commissioners, poor-law guardians, farmers, members of the Gaelic athletic clubs, literary societies, amnesty associations, national banks, trades and professions, and registration associations, young Ireland associations and national workmen's clubs. The stewards of the Parnell anniversary demonstration acted in a similar capacity at the convention.

The reading of the Parnell message was followed by three cheers for the Stars and Stripes.

Redmond, in a long speech, denounced the Liberals for abandoning home rule, and declared that the only hope of Ireland was in parliamentary action without any compromise with any English parties, explaining that the Dilnots wanted an "emasculated" form of federation, a sort of glorified veto, instead of a full Parliament.

Continuing, Redmond said there could be no reconciliation with the Dilnots, unless the latter and their Liberal allies reinstated home rule as the first plank in their platform and promised to appeal to the country if the House of Lords defeated home rule.

Resolutions were adopted reaffirming that the Irish question can only be settled by the concession of national self-government, and calling upon all members of Parliament who "for the last few years have abandoned a mission of duty" to "rejoin the independent party, unite upon the principles of Charles Stewart Parnell and demand the release of political prisoners as an act of simple justice and humanity."

Resolutions were also adopted urging the Irish everywhere to commemorate the centenary of 1798, denouncing the government for repudiating the report of the royal commission of the financial relations between Great Britain and Ireland, expressing regret at the necessity of raising a Parnell family fund, and calling upon Irishmen generally to respond to the appeal and thereby remove from Ireland the stigma of ingratitude for the priceless services and devotion of the late Charles Stewart Parnell.

Messrs. Dillon, Davitt and Harrington to pay off a portion of the Parnell fund allotted for that purpose the £2000 due to the Parnell estate.

The proceedings of the convention were finished this evening, and the predictions made of a revolt against the leadership of John Redmond proved entirely unfounded. The delegates cheered him enthusiastically, and on the adjournment they warmly praised his speech, pronouncing it to be the most able outline of the policy of the Irish Independent League.

DRIVEN INTO MEXICO.

Guatemalan Rebels Reported as Repulsed at San Marcos.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Oct. 11.—A dispatch to the Herald from San Marcos says:

"Reports from the front state that the rebels near San Marcos have been defeated and driven into Mexico. It is officially announced that the Mexican government is sending forces to the frontier to prevent the rebels from forming a basis of operations on Mexican territory. The insurgent leaders, it is reported, are now in Tapachula."

"Gen. Solares, the Minister of War in Harrison's cabinet, has gone to the front to personally direct the operations against the rebels."

"The British flag ship Imperieuse is anchored at San Jose, as well as the Alert, Commander A. Richards, and Past Assistant Paymaster William J. Lytle of the Alert are both ill, and have been removed to a hospital at San Jose. Their condition is not serious."

[ASSOCIATED PRESS NIGHT REPORT.]

BALTIMORE (Md.), Oct. 11.—The Temple Cup will stay in Baltimore another year. It has been won twice in succession for the first time in its history, and if the Orioles take it again it is theirs absolutely. The former champions also take 60 per cent. of the money paid in at the gates during the three games in Boston and the two played here, while the winners of the pennant will get but 40 per cent. unless, as is generally believed, the players have agreed among themselves to divide the spoils equally.

Today's game, like all the others of the series save the first one, was an easy proposition for the Baltimoreans, who won much as they pleased, while the visitors never appeared to think they had any chance whatever. A crowd so small that the management refused to give the exact number, so utterly devoid of enthusiasm that scarcely a ripple of applause occurred, saw it done and appeared to be glad that the game, which, by the way, was one of the shortest on record, was over and that the season was over with it.

There may have been a thousand people on the grounds, but a better estimate would place the attendance at 750. This fact, in view of the pleasant weather which prevailed, indicates that Baltimore baseball enthusiasts have had a surfeit of the sport for the time being, and that they do not look upon the "Temple Cup" game as being anything out of the ordinary. At its conclusion, the teams disbanded, and many of the players left for their homes, two of them, Jennings and Kelley, to prepare for the early assumption of their marital responsibilities.

AMERICAN HORSES ABROAD.

Diakke's Winning Popular with the British—Some Criticisms.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, Oct. 11.—[By Atlantic Cable.] The Star says the riding of Diakke, the American jockey, in the trials at Newmarket greatly amuses the on-lookers, adding that his "seat is even more grotesque than Silms'."

The win of the Lordford-Beresford stable, the Duke of York's, is very popular, and the newspapers greatly praise the open and the closed manner in which Pierre Lorillard's horses are run.

The Daily Mail says: "The Lorillard-Beresford stable does not go in for fancy gambling like the Doyers, and they had their Yankee horses here, and occasionally Mr. Croker, whose losses on Montauk, \$300,000, in his first year, and on American turf have put piles of money into the pockets of the British bookmakers."

YACHT DEFENDER.

A Report That She is to Race at CANNES, Oct. 11.—[By Atlantic Cable.] It is announced here that the president of the Defender syndicate has notified the French Yacht Club that the American yacht Defender, which defeated Lord Dunraven's Valchre III in the last series of races for the America's Cup, will take part in the Cannes regatta in the early part of 1898.

COULDN'T CONFIRM IT.

NEW YORK, Oct. 11.—J. V. S. Odie, secretary of the New York Yacht Club, when shown the above dispatch, said: "That is the first I have heard of any intention to race the Defender in foreign waters. I only wish I could verify the dispatch."

ISLIN KNOWS NOTHING.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Oct. 11.—The Tribune tomorrow will say: "C. Oliver Iselin, owner of Defender, said tonight at Mt. Vernon, N. Y., that he knew nothing of the Associated Press dispatch that the Defender is to be sailed at Cannes. The boat is still in the harbor at New Rochelle, thoroughly dismantled, and no attempt is being made to rig her up."

GALVESTON (Tex.), Oct. 11.—At the end of the fourth round tonight upon Choyinski remarks to the referee, "For God's sake call the fight off; I don't want to hurt the man any more," the contest between Choyinski and Herman Bernau was decided in favor of the former.

The fight from the first was all in Choyinski's favor. He could have knocked the German out at any time

had he cared to follow up his leads. In the fourth round Choyinski floored Bernau twice. Bernau claims to have been sick.

[ASSOCIATED PRESS NIGHT REPORT.]

DENVER (Col.), Oct. 11.—Sent to the Republican from Pocatello, Idaho, says:

"News just received from Long Valley in Washington county says there has been a battle between the Idaho sheepherders and the settlers, and that three men were killed, and one dangerously wounded."

"Details are meager, but it seems that fifteen of the settlers warned the sheepmen to leave the valley, and when they refused made an attack upon the sheepmen. The first shot was fired by the settlers, and a man named Barber was wounded. The sheepmen then returned the shot, killing three of the settlers. The rest of the attacking party fled. It is thought that Barber will die."

"The trouble is the outgrowth of the strained relations that have existed in that section between the settlers and sheepmen for some time. Officers have left Weiser for the scene of the trouble."

## COOK'S INLET MINES.

GAVE THEM EACH DAY THEIR DAILY DUST.

Eighty-five Men and Two Hundred Thousand Dollars Return to Port Townsend by Steamer.

RICH CLAIMS BUT NOT GAUDY.

PROVISIONS ARE PLENTIFUL AT REASONABLE PRICES.

Bonanza King Galvin on the Riches of the Klondike—Railroad for Chilkoot Pass—Parties from Over Dalton Trail.

[ASSOCIATED PRESS NIGHT REPORT.]

PORT TOWNSEND (Wash.), Oct. 11.—As an evidence that gold is found elsewhere than at Klondike, the steamer City of Topeka, which arrived this evening from Alaska, brought down an aggregate of \$200,000 in gold dust, all from Cook's Inlet, the result of this summer's mining.

The gold is distributed among eighty-five men, who are coming out to spend the winter in a place where climatic conditions are more favorable than the country they have just left.

On the 22nd of September 115 men left Cook's Inlet on the steamer Perry for Sitka where they took the City of Topeka for Puget Sound. Thirty-one of the party stopped at Juneau where they will spend the winter. No rich strikes are reported at Cook's Inlet but the average is \$5 in dust every day they worked. On rare occasions a man would pan out \$10 per day and often as low as \$3.

Among the passengers was Robert Michaelson, who has been in Cook's Inlet for ten years, and who is making his last haul. He has been working in the past time. He brought out several thousand dollars, how much he would not state. Michaelson will spend the winter at his old home in South Dakota.

H. A. Schesmer has upward of \$10,000 after a stay of seven years. He is going to the Klondike, and will return in the spring. He owns four of the best claims in the entire group.

J. Riley of New York, who went to Cook's Inlet in March, 1896, and stayed there all winter for the reason that he had not sufficient money to pay his way to Alaska, is also on the steamer. He has a quartz claim on Bear Creek, in one of which the ledge is two feet wide and assays \$150 per ton. The other eight feet wide and assays \$50 per ton. Riley has with his \$3000 in dust which he washed from a placer claim during the past summer. He will return in the spring with machinery for a stamp mill.

Provisions are reported as being plentiful, reasonably priced, and the climate is said to be no colder than there during the season. About eighty of the 500 men who were at Cook's Inlet during the summer will winter there.

ONE OF THE "KINGS."

[ASSOCIATED PRESS NIGHT REPORT.]

SEATTLE (Wash.), Oct. 11.—Pat Galvin, who arrived here Saturday from Dawson City, and who is recognized as one of the "kings" of the Klondike, where he has been engaged in mining for the past three years, in an interview today reviewing the gold record of the season, estimated the probable output, said:

"There are 461 claims which have been in operation sufficiently to prove the richness. The average is 280 ounces of gold per claim. There are other claims, by reason of their location in connection with other claims shown to be very rich. I have no doubt will prove rich."

"Taking these 741 claims and figuring out their cubic contents and making a conservative estimate, I do not see why the output of the Klondike alone should fall short of \$50,000,000."

company, declaring the ordinance void and enjoining its enforcement.

The city of San Diego appealed to the Supreme Court, which has decided that the judgment of the lower court must be reversed and the cases remanded for a rehearing to the Superior Court of San Diego county.

The decision, which was written by Justice Van Fleet, was concurred in by the other judges, with the exception of Chief Justice Beatty, who filed a dissenting opinion. The Supreme Court takes up at length each finding and contention of the lower court, and, while it concedes the actual confiscation of property cannot be made, at the same time the power given to the legislative body of a city by the Constitution and through the Legislature cannot be questioned.

The gist of the decision is that the Constitution gave authority to the Legislature to pass an act empowering the municipal council to fix water rates, and made no provision curtailing that power. It is held that 3 1/2 per cent. is the maximum rate payable by stockholders of similar corporations. Such being the case there was no confiscation of property in the act of the Council of San Diego in lowering the rates.

This decision affects every municipality in the State where water is furnished to the inhabitants by a person or corporation.

The company is obliged, when it is possible to do so, to begin work on all parts of the San Juan, so that the navigation can be carried on during the entire year without interruption.

### "The government agrees to pay the company \$5000 silver for each mile of railroad constructed between Colorado Junction and Silico lagoon, thus making rapid transportation to the port of San Juan del Norte, or Greytown. The contract prohibits its transfer to any other person or foreign company, and specifies that it shall not be transferred to any government. It is forfeitable in case the railroad referred to is not completed within three years.

### The Maritime Canal Company as did Mr. Pellas, and they therefore intend to urge that the new concession be abrogated.

### AMERICAN CROPS.

### Report for October by the Department of Agriculture.

### [ASSOCIATED PRESS NIGHT REPORT.]

### WASHINGTON, Oct. 11.—The October report of the Statistician of the Department of Agriculture shows the condition of corn on October 1 to have been 77.1, as compared with 79.3 on September 1, with 90.5 October 1, 1896, and 82.5 the average for the last ten years.

### The preliminary estimate of the yield per acre of rice is 16.1 bushels or 2.9 bushels per acre greater than the October estimate of the crop of 1896.

### The condition of barley shows an improvement of 1.2 points during the month, standing on October 1 at 57.6 points. The average in California is nine points higher than on September 1.

### The condition of tobacco declined 5.2 points and Irish potatoes declined 5.1 points during September.

### THE MARLBOROUGH BABY.

### LONDON, Oct. 11.—The son of the Duke and Duchess of Marlborough, born September 18, will be baptized on Sunday at the chapel of the Royal St. James. The Prince of Wales will act as sponsor, and the Princess of Wales will attend the ceremony if she is in London at the time.

### PRICE OF EGGS RAISED.

### LONDON, Oct. 11.—The Bank of England has raised the price of eggs a half-penny per ounce. This, and its raising of the price of gold, will, it is expected, be a further advance in the bank rate this week.

### NINETY DAYS EACH.

### Wife-beaters Temple and Garrity Get Their Medicine.

### James Temple and Pat Garrity, wife-beaters, each got a ninety-days' sentence for battery, yesterday, in Justice Morrison court.

### Temple made a long and rambling statement to the court, in which he recounted his many manly virtues, and told how his wife and daughter had driven him to drink and almost to distraction. He begged for mercy, but the court turned a deaf ear. The jailer has instructions to see that Temple does penance in the chain gang.

### It is an idle, venious fellow, and receives no sympathy from the officers of the law.

### Pat Garrity received his sentence with more equanimity. He is used to such things, having spent a good portion of his time in jail of late years. Garrity draws a pension from the government, being a veteran of the civil war. Mrs. Garrity says he does not contribute anything toward the support of his family; that he blew in all of the \$200 he drew on last pension day, on a drunken binge, which he would up by thrashing her. Mrs. Garrity has told the police that Garrity tried to put his own daughter on the town.

### A CABLE TO ICELAND.

### An Enterprising Pasadena Boy Is Making a New Voyage.

### The following correspondence, direct from Iceland, reaches The Times through a novel channel. Fordyce Grinnell, Jr., a Pasadena school-boy, has started a news syndicate among school children in all parts of the world.

### His plan is a simple one. He writes letters to children everywhere, asking them to send him the news from their respective countries, when he receives the replies, he dresses up the correspondence for publication.

### The following letter from Iceland will give some idea of the work the school-boy is doing.

### "A correspondent from Akureyri, Iceland, says: 'The greatest news from our Parliament this week is that it is decided that we are to have a cable to Iceland next year, in 1898. We shall then have what we have so long desired, communication with foreign countries, and shall not feel that we are in fact 'left out in the cold,' though a part of the North.'

### "The Meteorological Society is anxious to have a station at Grimsey island, north of Iceland, and the cable would be of great use, and as this station usually gets from Parliament what it most wants, this is how we came to have the promise of the cable. Of course, if the society gets one to Grimsey, it will be but a step further to bring it here.'

### HARD AT WORK.

### The Pugilists Getting Ready for Their Contest.

### Mortimer McRoberts, president of the Southern California Athletic Club, visited both Redondo and Santa Monica yesterday, looking after the men matched in the coming boxing tournament. He reports the men at both places hard at work, and says there is every indication that all the parties will be fit when called into the ring.

### So far as McCallie and Steiner, the heavyweights, are concerned, they are both ready for battle now. They trained nine weeks before coming here for a fight in San Francisco, and when it fell through, accepted the offer of McRoberts. About all they have to do is to keep in condition. As for the others, they have ample time, since they do not meet until the night of October 22, to get in excellent form. Many predict that the second night of the tournament will be the best of the year. Duty is being done over the condition of the men in his hands, and picks three winners in consequence.

### FANTIA RANCHO.

### Mrs. Fannie M. McKoon, the present owner of the Fantia Rancho, writes to correct some misstatements in an eastern paper relative to her property. She says: 'Up to the year before my husband's death, the ranch had paid for itself in eight years all but \$3000, charging against it, as an investment, 6 per cent interest, of implements, clothing, including board of men and their wages and the wages of one housekeeper. The indebtedness that is on it today was accumulated to meet obligations on city property during the past years of financial depression throughout the country. If it were not incumbered, I would not sell it for \$250,000.'

### Mrs. Grinnell's Statement.

### Mrs. Mary R. Grinnell, the plaintiff in the sensational \$50,000-damage suit against her former husband, recently on trial in the Superior Court, denies that she wrote the endearing letter to the detective which was offered in evidence. She states that she has in her possession blackmailing letters from Grinnell, written shortly before the suit was begun, in which he sought to extort money from her.

an adjourned meeting will be held and the plan of the Democrats is to take advantage of the situation to elect their candidate without any waiting.

The board appointed a committee to confer with the Sierra Club regarding the opening of new trails. A new policy has been entered upon by the commission in the growing of a few years' permit to conduct a lively-stable business in the valley, the time heretofore having been restricted to twelve months.

### IN RE DURRANT.

### No Oral Argument to be Made in Washington.

### [ASSOCIATED PRESS NIGHT REPORT.]

### SAN FRANCISCO, Oct. 11.—It has been decided that there will be no legal argument from F. P. Dewers, the legal representative of Theodore Durrant in Washington, when the case is brought to the Supreme Court on the calendar of the Supreme Court is made tomorrow by Att.-Gen. Fitzgerald.

### The brief of appellant on motion of appellee to advance the case on the docket, which was prepared by Louis P. Boardman, of 12 Fulton street, Washington, and on its arrival it will be formally presented to the Supreme Court by Attorney Dewers. The local attorneys representing Durrant believe the brief will be a sufficient answer to the movement of the State Attorney-General.

### The attorneys of the defense have in the State Supreme Court an appeal from the judgment of Judge Balms ordering Durrant to be executed on June 11. This may be considered at the present Los Angeles session.

### WELBURN TESTIFIES.

### Makes a Flat-footed Denial of All Charges.

### SAN FRANCISCO, Oct. 11.—The defense in the case against O. M. Welburn, deposed Collector of Internal Revenue, opened today with an assault upon the deposition of Thomas Sinnott, one of the principal witnesses for the prosecution. A number of prominent citizens testified to the good reputation borne by the defendant prior to his arrest, and then Welburn took the stand in his own behalf.

### HE DENIED THE ALLEGATIONS OF PROSECUTION, and made a very plausible statement to the effect that he left all arrangements with regard to the payment of deputies to Chief Deputy Louis Loupe, and knew nothing of the alleged chains and money to which some men of prominence have been subjected and it appears to have aroused and interested the jury.

### As the majority of the insurgents have gone into Costa Rica, they may soon again reappear well-armed in Nicaragua, and the English corporation, known as the Atlantic Steamship Company, Limited, and the Nicaraguan government, next to that which confers exclusive navigation on the company, is that which disclaims any intention to conflict with the canal concession.

### "In consideration of the great expenses to which the company will be subjected, the government gives it the exclusive right of steam navigation in the Silico lagoon for thirty years from the final approval of this concession, and the right of once a month at all the inhabited ports of the lake. The passenger and freight rates will be in the money of the country. In case of war the steamers of the company may be used by the government. The company is obliged, when it is possible to do so, to begin work on all parts of the San Juan, so that the navigation can be carried on during the entire year without interruption.

### "The government agrees to pay the company \$5000 silver for each mile of railroad constructed between Colorado Junction and Silico lagoon, thus making rapid transportation to the port of San Juan del Norte, or Greytown. ## The Times

## ALL ALONG THE LINE.

A wise movement is being made in Pomona toward securing protection for street shade trees. Every city should have a commission, the special business of which is to stop all vandalism with reference to these beautiful ornaments of a well-kept street, and to see that every street is shaded by trees as it should be in this land of sunshine.

Riverside has joined the procession by organizing a Chamber of Commerce. Any one who doubts that it is a good move has only to look at Los Angeles, which is a living example of the magnificent results that flow from the well-directed efforts of a body of energetic business men working together as a unit for the advancement of the city.

In the matter of sticking to the letter of the law, the City Council of Redlands is entitled to the palm. Because an ordinance calls for brick buildings within the fire limit, it refused to allow a railroad depot to be built in the mission style of architecture, in cement and stucco. That Council must be preparing its official throat to swallow a large camel in the near future.

Word comes of a steadily-increasing interest in olive culture. Growers are studying varieties with the intention of weeding out the poorer kinds and replacing them with the best. The tendency is to plant the varieties that make good pickles, rather than the oil-producing olive. If this industry is brought to perfection, it ought to be one of the most successful in California. Any one who cultivates a taste for the richly-flavored ripe olive of California has no more use for the woody and insipid green globules that come across the sea.

Another good deed has been done in the way of preserving a beautiful tract of land from the devastation commonly called cultivation. In granting the picnic grounds of the Santiago Canon to Orange county for a public park, the Irvine company deserves the thanks of all Southern California for thus perpetuating a typical bit of cañon scenery. These natural parks are a joy to all lovers of the cañons of Southern California, and there can hardly be too many of them. Like the old mission buildings, these lovely bits of wilderness should not be improved out of the land.

The surplus of labor along the lines of clerical and similar occupations is becoming almost as marked here as in the East or in Europe. This has given rise to an idea which is quite common in the larger cities, namely, for employers to ask money from those who seek employment. In the Times of Sunday were no less than three advertisements offering clerical positions to men who would loan their employer a thousand dollars. It is scarcely necessary to suggest that persons seeking employment would do well to exercise much caution in such cases. Solid firms are not likely to have to resort to such a method of raising the wind.

## BURNED THE MORTGAGE.

The Union-avenue Church at Last Free from Debt.

There was a \$1500 fire at the Union Avenue Methodist Church last evening, but no alarm was sent in, and no effort made by the onlookers to check the flames. The blaze was witnessed by some two hundred members and friends of the church who gathered to cheer as a mortgage of ten years' standing went up in smoke.

After a struggle of months, the entire debt was wiped away by a small membership, and the chances are that a large structure will be erected upon the site covered by the church as it now stands.

Rev. J. A. MacMillan, the retiring pastor, applied the match to the mortgage, and, in the jubilee that followed the pastor and his family were presented with a number of handsome and useful testimonials of the gratitude of the congregation for the pastor's work in helping lift the mortgage.

Rev. R. L. Hamilton and P. H. Hodgkin, editor of the Independent, made appropriate speeches.

## Charity Fete.

The charity fete, which opens today at the residence of Mrs. Minnie Bradbury, on Court and Hill streets, will furnish a pleasant opportunity for the doing of good in a thoroughly enjoyable way. The fete will open this morning and continue until tomorrow evening. Luncheon will be served from 12 to 2 o'clock, and light refreshments in the evening. This evening, under the supervision of Mrs. James Winston, Mrs. Miner and Miss Longstreet, a series of living pictures, a la Gibson, will be presented, and the "Gibson girl" will be the pet of the evening. On Wednesday evening a specially-prepared musical program will be the entertaining feature; vocal solos, violin solos, cello, duets and trios, both instrumental and vocal. Mrs. Rodin-Wood and Miss Little Scanlon will sing. Miss Elizabeth Jordan, Miss Grace Perry, A. J. Ransom, Clarence Stevens and Arthur Marshall will play. The accompanists will be Mrs. Lorraine and Miss Elizabeth Jordan, and the entire programme will be under the supervision of Miss Edna Richell. The affair will be non-sectarian.

## Permanent Improvements.

[San Jose Mercury:] Los Angeles will soon hold an election upon the question of issuing bonds to the extent of \$500,000 for local improvements, and the chances are that the bonds will be voted. That city understands the principle that permanent improvements should be paid for in part by those who come after and share in the enjoyment of them.

## The Order of the Day.

[Ventura Free Press:] Reform seems to be the order of the day in Los Angeles. The latest movement seems to be a decision of the Police Commission to reduce the number of saloons in that city to 200, no more, no less. It is estimated that at present there are no less than one saloon for every five hundred persons.

## Society.

The reception given yesterday afternoon by Mrs. C. B. Jones and Miss Florence Jones, at their residence on South Flower street, was a brilliant affair. Miss Sumner P. Hunt, L. W. Blinn, W. R. Bourke and the Misses Gwendolen Overton, Eleanor Tuttle, Hallie Tuttle, Eleanor Pattee, May Cobleigh and Louise Bourke assisted. The rooms were effectively decorated with masses of English ivy, woven in the grill-work in the wide doorways and about the staircase. Yellow and white chrysanthemums and white cosmos furnished touches of color in the front drawing-room, and crimson dahlias in the reception hall. The mantels were banked with potted ferns and other plants and wreathed with smilax. In the dining-room, where refreshments were served from a buffet under the direction of Reynolds, roses, violets and smilax were prettily arranged. The vine-covered verandas and additional rooms. A string orchestra stationed in the turn of the stairway furnished music during the afternoon. Among those present were:

## TURNER TURNED UP.

## A YOUNG DESPERADO LODGED IN THE COUNTY JAIL.

Caught While on a Visit to His Sweetheart—He Stayed Just One Day Too Long for Safety—Said to be a Bad, Bad Man.

Lou Turner, who has been wanted in Los Angeles county for three years to answer to a charge of assault to murder, but who could not be found by the officers, is in jail and will be tried.

He was captured yesterday on a ranch near Norwalk, where he was at work. His sweetheart was the innocent cause of his capture, simply because Turner could not tear himself away from the neighborhood where the girl lived, and, as he says, he stayed "a day too long."

Some three years ago Turner assaulted a man at Whittier with a knife, and seriously wounded him. He made his escape, and despite the fact the officers hunted him in person and by mail, he eluded capture for months. Finally, getting broke, Turner matched himself for a prize fight against a local man in San Luis Obispo. He was even while training there, and officers from this city went after him, arrested him and brought him to the jail here.

When the day came when Turner was to have his preliminary examination at Whittier, he was taken from jail by Constable Woodman and taken to the county jail before the Whittier Justice of the Peace. The examination resulted in Turner's being bound over for trial in the Superior Court in the sum of \$5000.

On the way back from Whittier to Los Angeles, Turner escaped from the constable by jumping from the train near Studebaker Station while it was running at full speed. He received a hard fall, but, except bruises, was unhurt. A boy was riding horseback along the road near where Turner jumped off the train, and he at once made for the boy and horse, and, jumping up behind the rider, urged the horse into a gallop, and escaped before the train could stop and back up to his jumping-off place.

Then began another search for the fugitive, which has continued two years without getting any clue to Turner's whereabouts. But the desperado had a sweetheart, and he longed to see her, so about two weeks ago he came down from San Francisco, where he has been living, and went to the neighborhood in which she lived, and stayed at a ranch, so as to be near her. Turner says he intended to leave for San Francisco today, but "stayed just one day too long."

Deputy Sheriff Barnhill made the arrest. He found Turner at work hitching up a team, and, knowing the man, ordered him with his revolver, and ordered "hands up." Turner obeyed, and, as stated, is once more in jail. He tells an interesting story of his wanderings after he jumped from the train, but, so far as the officers know, is not wanted at any other place than here for crime.

## WHO STOLE THE WHIFFLETREE

Fate of Constable Beyer's Victim Hanging in the Balance.

The trial of Pierre Bertrand on the charge of petty larceny was resumed before Justice Morrison yesterday afternoon. Bertrand is the man who was shot in the leg by Deputy Constable Beyer while trying to make way with a whiffletree, so Beyer alleges. The defense sets up the contention that another man stole the whiffletree, and that the officer shot the wrong man.

The courtroom was well filled with French and Italian friends and sympathizers of the defendant, and the smell of garlic was so thick that it could be cut with a knife. The defendant still needs the support of a stout cane, as the result of the shooting.

The defense was conducted by Attorney Walter F. Haas, who severely scored Beyer in his closing argument. He said, even granting that the defendant was guilty as charged, the officer was not justified in shooting him. He did not believe any regular police officer in the city would resort to the use of firearms to arrest a petty larceny thief. Mr. Haas, however, did not admit his client's guilt. A third man was seen running down Aliso street at the time Bertrand was shot. This third unknown man was presumably the thief who stole the whiffletree and Bertrand merely got in the way of the bullet by chance.

Deputy District Attorney Chambers put up a strong case for the people. Justice Morrison took it under advisement till next Thursday at 9:30 o'clock.

## STAKES FORFEITED.

An Impromptu Slugging Match Adjudicated in Police Court.

Maurice Hill and George Burns were settling a quarrel over the weapons nature has endowed them with, when a policeman bore down upon them, refereed the match and called it a draw. The affair took place at Fourth and Los Angeles streets Saturday afternoon.

The principals, still wearing the scars of battle, were in Police Court yesterday to learn what disposition the stakeholder, Judge Owens, would make of the \$10 each had up. In view of the fact that each pleaded guilty to the charge of disturbing the peace, the court declared the stakes forfeited by fining each the sum he had on deposit. Hill was the smaller of the combatants, but Burns had the worst of the fight, judging by his disfigured countenance. Each seemed to sympathize heartily with the other on the loss of his money, and they left the court apparently as friendly with each other as brothers.

## THE CASEBEER MYSTERY

OFFICERS CANNOT MAKE THE STORIES TOLD AGREE.

The Victim Stricks to One Statement and His Son-in-Law Flatly Contradicts Him—Neighbors Taking a Hand in the Matter.

Mystery still surrounds the assault upon Joseph W. Casebeer of Santa Barbara, who was found raving at the corner of Third and Lucas streets Sunday morning, from the effects of a beating administered by two unknown men.

Suspicion has been attached to Casebeer's son-in-law, L. B. Williams, of 2136 Rockwood avenue, with whom his relationship has been strained for some time.

Mr. Casebeer stated yesterday that he had his daughter, Mrs. Williams, arrested some time ago on a forged charge, but the case was dismissed. Mrs. Williams then retaliated with a suit for \$10,000 damages for false imprisonment. With the intention of meeting his daughter and compromising this suit, he left Santa Barbara on Saturday morning. Upon his arrival here, he asserts, he visited his daughter, who refused to admit him to her house, and angry words followed. During the altercation, Williams, Casebeer says, played an important part. Shortly after he left his daughter's house, he noticed two men following him. At Third and Lucas streets they assaulted him, breaking a heavy cane over his head and rendering him insensible.

It was not until yesterday morning that he completely recovered from the effects of the blow. He then stated that he had been robbed. The police are satisfied that he is telling the facts, as his gold watch, together with a gold Masonic pin and \$2 in money were found upon him. A person when he was taken in charge by the officers on Sunday morning.

A telegram received from Mrs. Lord, Casebeer's housekeeper and book-keeper at Santa Barbara, states that before he left she placed \$50 in bills in the bank-book which he carried when assaulted. This Casebeer says is correct, but does not say this money was stolen. The disposition he made of the \$50 he refuses to state.

"The assault was not made upon me with any intent to rob, and I wasn't robbed," he said yesterday. "Yes, that telegram I received had that amount of money when I came to Los Angeles, and while I haven't it now, I wasn't robbed of it. I must refuse to say anything further regarding the affair at present. The detectives are handling the case."

Both Mr. and Mrs. Williams refuse to say anything regarding the assault except that Mr. Casebeer did not call at the house Saturday evening as he says he did. They deny that they knew of his presence in this city until Sunday morning. Mrs. Williams spoke bitterly of the eccentricities of her father, whom she characterized as a miser. She stated last night that she couldn't and didn't believe that the old man was injured, but acknowledged that she hadn't seen fit to visit the Receiving Hospital in order to ascertain the truth of the reports to that effect.

S. R. Cokely, who lives in the house next to that occupied by the Williams family, has seen a Times reporter last night. When asked as to his knowledge of the affair, Mr. Cokely assumed a mysterious air and refused to say anything. "You needn't question me, because I have given my word to the proper parties that I would say nothing about it," he said. "No, I won't say that I didn't hear an altercation, nor will I say I did. I must give the same answer to your question regarding a cab: I won't say I didn't hear or see one, nor will I say I did. My word has been given, and I won't say anything."

"To whom do you refer when you say you have given your word to the proper parties," was asked. "I must refuse to answer that question, also," replied Mr. Cokely, with additional mystery. "No, I won't say that it was not Mr. Williams that I promised, nor will I say that it was Mr. Williams. I won't say nothing."

And there the matter rests for the present. Mr. Casebeer is steadily improving, and is out of all danger, although still kept in the Receiving Hospital. It is supposed that the detectives are working on the case, and keep him under surveillance until they have arrived at some definite result in their investigations.

## Who Stole Those Ducks?

Two East Los Angeles youths, T. Todd and E. P. Blackman, explained in Police Court yesterday how they happened to be fighting with Officer Dixon collared them. Blackman said Todd asked him for a cigarette, which he did not have, and would not have given him if he had. If Todd could not smoke he would fight and that is how it came about. Blackman merely acted in self-defense. Todd's version of the story did not differ enough from Blackman's to change the status of the case, so the court fined Todd \$5 and discharged Blackman.
